

Ditch the paperwork, keep the details.

Digital on-the-go auditing
with real time reporting.

Hospitality Audits-IQ

Real time reporting to keep everyone involved in the know no matter where you go. Audits-IQ helps to:

- ✓ Prolong the value of your assets (especially your human assets)
- ✓ Keep your personnel safe from accident or injury
- ✓ Spare you from unforeseen downtime

The hospitality industry is very vast and involves dozens of integrated work processes. It involves but is not limited to:

- Room checklist
 - Cleansing checklist
 - House-keeping checklist
 - Duty manager checklist
 - Hotel safety and security inspection checklist
 - Property maintenance checklist
 - Covid19 safety protocol checklist
- list goes on.

AuditsIQ lets you eliminate paper forms, capture digital signatures, assign standardized and dynamic checklists with predefined actions, and incorporate validation and process flow. Schedule, assign, and run audits easily – anywhere.

Workplace inspections and audits in the hospitality industry are not just a legal requirement but also a great way of keeping all operations running smoothly.

Audits-IQ can handle the hundreds of stages and checkpoints of your hospitality business that need to be cleared. Ditch the hassle of saving, processing, and archiving paper-based checklists. And avoid human error. With our innovative and technology-driven auditing and inspection tool, AuditsIQ, you can solve these problems in real time by gaining access and control, on the go, using any smart mobile device to execute digital audits and inspections. With AuditsIQ, you can create hundreds of inspection templates for various stages of planning, production, transportation, training, handling, and more.

Clear and concise communication is a must when an organization is tasked with meeting multiple standards, regulations, safety, and compliance requirements. Each aspect of the operation must be precisely monitored, controlled, and reported at all times. With multiple hospitality industry projects, multiple criteria, spreadsheets and old school assessments can't keep up.
